

CONTRACTING FOR PROFESSIONAL SERVICES

The Board of Education will make certain that professional services are secured in a manner that protects the integrity of the process, ensures the prudent use of taxpayer dollars and provides a high quality standard of service, in accordance with law and regulation. Professional services are defined as services requiring special skill and/or training, such as legal services, medical services, auditing services, property appraisals or insurance.

Purchasing professional services does not require competitive bidding. The Board directs the Superintendent to take measures to ensure that a highly qualified professional is secured through the prudent and economical use of public money, which may include:

1. reviewing trade journals;
2. checking professional listings; and/or
3. inquiring of other districts or other appropriate sources.

The designated district staff will prepare a comprehensive written request for proposals (RFP), which will contain critical details of the services sought. The RFP will specify that the proposal include the structure of the relationship between the district and the provider, including, if applicable, the terms of the retainer, the hourly fees and other associated costs.

In reviewing the RFPs, the district will consider, at a minimum, the:

1. suitability of the individual/firm for the district's needs;
2. special knowledge or expertise of the individual/firm;
3. credentials and applicable certifications of the individual/firm;
4. quality of the service provided by the individual/firm;
5. cost;
6. staffing available from the firm or the time available from the individual;

The district will periodically, but not less frequently than every three years, issue professional service RFPs and may conduct interviews as part of the RFP process. The written proposals submitted by applicants shall be maintained for at least six years.

The Superintendent, after a thorough review of the proposals, will recommend the professional service provider best suited to the district to the Board of Education for its approval.

Regardless of when during the year the professional service provider was engaged by the Board, at the annual organizational meeting the Board will appoint the attorney, physician, external auditor, or other professional, as applicable. Professional service providers selected and appointed in this manner will not be considered employees of the district.

The Superintendent is charged with developing administrative procedures to implement this policy.
