

## STUDENTS AND PERSONAL ELECTRONIC DEVICES

The Board of Education recognizes that there are personal electronic devices that have educational applications such as tablets, e-readers, calculators, voice recorders, digital cameras and music listening devices. In some instances, a “smart phone” may include applications that permit these functions. These devices shall be allowed to be used in classrooms if the following criteria are met:

- The student has successfully registered the device with the district, in accordance with district procedures.
- The teacher has authorized use of personal devices either in their classroom generally or for a particular exercise.
- The student uses the personal device to access the Internet or authorized applications through the district’s network, under the terms of policy 4526, Computer Use in Instruction.

The Board acknowledges that cellular phones, pagers, and 2-way communication systems can be a positive means to facilitate communication; however, the display and/or use of such devices can cause disruption to the educational process.

Therefore, to prevent such disruption, the display and/or use by students of cellular phones (including “smart phones”), and 2-way communication systems and/or other electronic devices shall be prohibited from the time students arrive at school until the end of the regular school day, unless specifically permitted to be used by a teacher or administrator. Such devices must be turned off and stored out of sight during this time period. The district is not responsible for stolen, lost or damaged personal electronic devices.

In emergency situations, exceptions to the prohibition of the use of cellular phones, pagers, and 2-way communication systems may be granted by teachers or administrators.

Misuse of any of these electronic devices will result in its confiscation until the end of the school day, as outlined in the code of conduct. Some uses of personal electronic devices may constitute a violation of the school district code of conduct and in some instances, the law. The school district will cooperate with law enforcement officials as appropriate.

### Cellular Telephones and Testing

In order to ensure the integrity of testing, in accordance with state guidelines, students are not allowed to bring cell phones or other electronic devices into classrooms or other exam locations during state testing. The exception to this policy is if a teacher gives specific permission for a cell phone or other electronic device to be used during a classroom, non-state assessment.

Test proctors, monitors and school officials shall have the right to collect cell phones and other prohibited electronic devices prior to the start of the test and to hold them for the duration of the test taking time. Admission to the test will be prohibited to any student who has a cell phone or other electronic device in their possession and does not relinquish it.

Students with individualized education programs (IEPs), 504 Plans, or documentation from a medical practitioner that specifically requires the use of an electronic device may do so as specified.
