

CHARGING SCHOOL MEALS

The Board of Education recognizes that on occasion, students may not have enough funds for a meal. To ensure that students do not go hungry, but also to promote responsible student behavior and minimize the fiscal burden to the district, the Board will allow students who do not have enough funds to “charge” the cost of meals to be paid back at a later date subject to the terms in this policy.

To comply with State guidelines and maintain a system for accounting for charged meals, regarding both full and reduced-price meals, the Board shall:

Charged meals must be counted and claimed for reimbursement on the day that the student charged (received) the meal, not the day the charge is paid back. When charges are paid, these monies are not to be considered “à la carte” transactions, as a section on the daily cash report or deposit summary reads “charges paid.”

Students shall not be denied a reimbursable meal, even if they have accrued a negative balance from other cafeteria purchases. No student with unpaid charges will be prohibited from purchasing food if they have money that day.

If SFAs suspect that a student may be abusing this policy, written notice will be provided to the parent that if he/she continues to abuse this policy, the privilege of charging meals will be refused.

The district’s payment system allows for automatic replenishment when a balance reaches a certain amount set by the parent/guardian. The district shall encourage parents/guardians to utilize this option.

Parents shall be discretely notified of student account balances regularly. Whenever a meal is charged, the district will discretely notify the student and the parent/guardian of the balance, the process to refill the account, and the district’s policy on charging school meals and alternate meals. This notification will continue regularly until the account is replenished. Parents must repay all unpaid charges remaining at the end of the year or before their child leaves the district, whichever occurs first.

The school district shall notify all parents/guardians in writing on an annual basis at the start of the school year and to families transferring during the year, outlining the requirements of this policy. The policy shall also be published in appropriate school and district publications. All staff involved in implementing and enforcing this policy shall also be notified of these requirements and their responsibilities.

Unpaid Meal Charges and Debt Collection

Unpaid meal charges are a financial burden to the district and taxpayers and can negatively affect the school program. Unpaid meal charges shall be considered “delinquent” as per the district’s accounting practices. The district shall attempt to recover unpaid meal charges before the end of the school year, but may continue efforts into the next school year. Students with unpaid meal charges at the start of the year will not be able to charge meals. The district shall notify parents/guardians of unpaid meal charges at regular intervals, and may engage in collection

activities. The district shall offer repayment plans, and may take other actions that do not result in harm or shame to the child, until unpaid charges are paid.

Account Balances

Remaining funds will be carried over to the next school year. When students leave the district or graduate, the district will attempt to contact the parent/guardian to return remaining funds. Parents/guardians may request that funds be transferred to other students (e.g., siblings, unpaid accounts). All transfer requests must be in writing. Unclaimed funds remaining after shall be absorbed by the school meal account.

Staff

Staff members are allowed to purchase food from the district's food services. However, all purchases must be paid for at the point of sale cash, payment account, credit/debit card. Staff members are not allowed to charge meals to be repaid later.
