Welcome to Gardner-Dickinson School!

We would like to take this opportunity to welcome your family to Wynantskill Union Free School District. Kindergarten is an exciting time. If you have any questions, please do not hesitate to [contact Ms. Fazioli](#) in the Main Office at 518-283-4600 ext. 10. Please note, your child must be 5 years old by December 1 in order to register for kindergarten in the upcoming year.

Kindergarten Screening

Kindergarten screening is held in the spring in our Library Media Center. During this screening your child will visit various centers with other soon-to-be kindergarteners. Teachers are able to see how the students work in a group and provide individual assessments of each child. The information we gather from the screening process will help us prepare for your child's kindergarten year. Please note, the teacher who performs the informal assessment may not be the teacher your child will have for kindergarten but will be a member of the kindergarten team at Gardner-Dickinson.

Kindergarten Supply Drop Off Day

By early-August, you will receive a Back-To-School packet through the mail containing a letter welcoming your child to Gardner-Dickinson with the date for Kindergarten Supply Drop Off Day. Kindergarten Supply Drop Off Day is a day for incoming kindergartens to come to Gardner-Dickinson to visit the classrooms, drop off supplies and ask any last minute questions before the opening day of school.

Students will also have an opportunity to take a short bus ride from Gardner-Dickinson, around the neighborhood and return back to school. This short ride will provide your child with a head start to the school year by helping him/her ease into one of the many new experiences they will encounter with school life. You will be able to walk your child to the bus and be on hand when it takes its short ride to help reduce the stress your child may initially feel about taking the bus.

Open House

An Open House for parents of kindergarten students will be held in September. This will provide an opportunity to meet your child's teacher and become familiar with the classroom and instructional program.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

2020-21 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:
Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. See footnotes for specific information for **each** vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule

Vaccines	Prekindergarten (Day Care, Head Start, Nursery or Pre-k)	Kindergarten and Grades 1, 2, 3, 4 and 5	Grades 6, 7, 8, 9, 10 and 11	Grade 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td)²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older	3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine adolescent booster (Tdap)³	Not applicable		1 dose	
Polio vaccine (IPV/OPV)⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older		
Measles, Mumps and Rubella vaccine (MMR)⁵	1 dose	2 doses		
Hepatitis B vaccine⁶	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years		
Varicella (Chickenpox) vaccine⁷	1 dose	2 doses		
Meningococcal conjugate vaccine (MenACWY)⁸	Not applicable		Grades 7, 8, 9, 10 and 11: 1 dose	2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib)⁹	1 to 4 doses	Not applicable		
Pneumococcal Conjugate vaccine (PCV)¹⁰	1 to 4 doses	Not applicable		

1. Demonstrated serologic evidence of measles, mumps or rubella antibodies or laboratory confirmation of these diseases is acceptable proof of immunity to these diseases. Serologic tests for polio are acceptable proof of immunity only if the test was performed before September 1, 2019 and all three serotypes were positive. A positive blood test for hepatitis B surface antibody is acceptable proof of immunity to hepatitis B. Demonstrated serologic evidence of varicella antibodies, laboratory confirmation of varicella disease or diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. If the fourth dose of DTaP was administered at 4 years or older, and at least 6 months after dose 3, the fifth (booster) dose of DTaP vaccine is not required.
 - c. For children born before 1/1/2005, only immunity to diphtheria is required and doses of DT and Td can meet this requirement.
 - d. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td or Tdap vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older. If the first dose was received on or after the first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) adolescent booster vaccine. (Minimum age for grade 6: 10 years; minimum age for grades 7 through 12: 7 years)
 - a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap.
 - b. In addition to the grade 6 through 12 requirement, Tdap may also be given as part of the catch-up series for students 7 years of age and older who are not fully immunized with the childhood DTaP series, as described above. In school year 2020-2021, only doses of Tdap given at age 10 years or older will satisfy the Tdap requirement for students in grade 6; however, doses of Tdap given at age 7 years or older will satisfy the requirement for students in grades 7 through 12.
 - c. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.
4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a series of IPV at 2 months, 4 months and at 6 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
 - c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.
 - d. Only trivalent OPV (tOPV) counts toward NYS school polio vaccine requirements. Doses of OPV given before April 1, 2016 should be counted unless specifically noted as monovalent, bivalent or as given during a poliovirus immunization campaign. Doses of OPV given on or after April 1, 2016 should not be counted.
5. Measles, mumps, and rubella (MMR) vaccine. (Minimum age: 12 months)
 - a. The first dose of MMR vaccine must have been received on or after the first birthday. The second dose must have been received at least 28 days (4 weeks) after the first dose to be considered valid.
 - b. Measles: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
 - c. Mumps: One dose is required for prekindergarten. Two doses are required for grades kindergarten through 12.
 - d. Rubella: At least one dose is required for all grades (prekindergarten through 12).
6. Hepatitis B vaccine
 - a. Dose 1 may be given at birth or anytime thereafter. Dose 2 must be given at least 4 weeks (28 days) after dose 1. Dose 3 must be at least 8 weeks after dose 2 AND at least 16 weeks after dose 1 AND no earlier than age 24 weeks (when 4 doses are given, substitute "dose 4" for "dose 3" in these calculations).

The answer you give below will help the district determine what services you or your child may be able to receive under the McKinney-Vento Act. Students who are protected under the McKinney-Vento Act are entitled to immediate enrollment in school even if they don't have the documents normally needed, such as proof of residency, school records, immunization records, or birth certificate. Students who are protected under the McKinney-Vento Act may also be entitled to free transportation and other services.

Where is the student currently living? (Please check one box.)

- In a shelter
- With another family or other person because of loss of housing or as a result of economic hardship (sometimes referred to as "doubled-up")
- In a hotel/motel
- In a car, park, bus, train, or campsite
- Other temporary living situation (Please describe): _____

- In permanent housing

Print name of Parent, Guardian, or Student (for unaccompanied homeless youth)

Signature of Parent, Guardian, or Student (for unaccompanied homeless youth)

Date
If the student is **NOT** living in permanent housing, **proof of residency** and other documents normally needed for enrollment **are not required** and the **student is to be immediately enrolled. After** the student has been enrolled, the district/school must contact the previous district/school attended to request the student's educational records, including immunization records, and the enrolling district's LEA liaison must help the student get any other necessary documents or immunizations.

NOTE TO SCHOOLS/LEAS: If the student is **NOT** living in permanent housing, please ensure that a Designation Form is completed.

INSTRUCTIONS FOR COMPLETING THE ENROLLMENT FORM – RESIDENCY QUESTIONNAIRE

Purpose of the Enrollment Form - Residency Questionnaire

All LEAs are required to identify students experiencing homelessness. Additionally, all LEAs that receive Title I funds must ask enrolling students about their housing status. SED encourages all LEAs regardless of whether they receive Title I funds to do the same. To collect this information, LEAs may:

1. Use the Model Enrollment Form - Residency Questionnaire attached here,
2. Update/modify the Model Enrollment Form - Residency Questionnaire to address the needs of the LEA, or
3. Incorporate the housing status question from the Model Enrollment Form - Residency Questionnaire into the LEA's Enrollment Form or other documents already used by the LEA during the enrollment process.

If an LEA elects the third option and incorporates the housing status question into the LEA's Enrollment Form, the LEA should take steps to ensure that a student's housing status does not become a part of the student's permanent record, because of the sensitive nature of this information. Please see the section titled "Confidentiality" (below) for information about how and when housing information may be shared within the LEA.

Who should fill out the Enrollment Form - Residency Questionnaire?

A Enrollment Form - Residency Questionnaire should be filled out for all students enrolling in school and for all students who have a change of address in grades preschool-12. Preschool includes any LEA program for 3-5 year olds, such as pre-k, Head Start, or Even Start. The Form - Questionnaire should be completed by the student's parent, person in parental relation, or in the case of an unaccompanied youth, by the student directly.

Confidentiality

Student housing information should be kept confidential to the maximum extent possible. This information should only be shared with LEA/school staff members who need information about housing status to ensure that the student's educational needs are met. To this end, LEAs may share a student's completed **Enrollment Form - Residency Questionnaire** with LEA personnel such as:

1. the LEA liaison,
2. the registrar,
3. the student's teachers, and/or guidance counselor, and
4. the LEA staff member responsible for reporting data to SED

However, this information should only be shared with the above staff members to the extent that it will enable them to better meet the educational needs of the student in question and to fulfill reporting requirements mandated by SED.

Other than the above uses, housing information **should be kept confidential** and generally **should not be shared** with other LEA/school personnel due to its sensitive nature and the stigma attached to being labeled homeless. LEAs are also encouraged to seek out ways of preventing Enrollment Form - Residency Questionnaires and housing information from becoming a part of a student's permanent record.

Discussing the Enrollment Form - Residency Questionnaire with Students and Families

In reviewing the Enrollment Form - Residency Questionnaire with parents, persons in parental relation, and unaccompanied youth, LEAs should emphasize that the purpose of gathering the information is to ensure that students in temporary housing arrangements are provided with the rights and services to which they are entitled under the McKinney-Vento Act. These rights and services include:

1. The right to stay in the same school the student had been attending before losing his/her housing or the last school attended (both known as the school of origin),
2. The right to immediate enrollment for students who decide to transfer schools, even if the student does not have all of the documents normally for enrollment,
3. Transportation services if the student continues to attend the school of origin,
4. Categorical eligibility for Title I services if offered in the LEA,
5. Categorical eligibility for free meals if offered in the LEA, and
6. Access to services provided with McKinney-Vento funds if available in the LEA.

The LEA should also ensure that the parent, person in parental relation, unaccompanied youth is aware that the student's housing status will be kept confidential and will only be shared with those LEA staff responsible for providing services to the student and those responsible for keeping track of how many students are identified as living in temporary housing in the LEA.

LEAs are advised to explain to parents that if a parent claims that her/his child is living in temporary housing, and the LEA wishes to conduct an investigation to verify this information, the LEA may conduct a home visit. However LEAs **cannot contact a landlord or building superintendent** to verify a student's housing status. Contacting a landlord or building superintendent may be a violation of FERPA, a federal law, and may put the family at risk of losing its housing. If the student is living in a doubled up situation, it may also lead to loss of housing for the primary tenants.

If the Parent, Person in Parental Relation, or Unaccompanied Youth Declines to Fill Out the Enrollment Form - Residency Questionnaire

If the parent, person in parental relation, or unaccompanied youth declines to complete the Enrollment Form - Residency Questionnaire, the LEA should note on the form that the parent, person in parental relation, or unaccompanied youth declined to provide the information requested.

Completing the Form

If a parent, person in parental relation, or unaccompanied youth enrolling in school indicates that a student is living in one of the five temporary housing arrangements, the school may not require proof to verify where the student is living before enrolling the student. The five temporary housing arrangements are listed below:

1. In a shelter,
2. With another family or other person (sometimes referred to as "doubled-up"),
3. In a hotel/motel,
4. In a car, park, bus, train, or campsite, or
5. Other temporary living situation.

After the student is enrolled and attending classes, the school or LEA is permitted to verify the student's housing arrangements. However, the student must first be enrolled in school. Again, LEAs **cannot not contact a landlord or building superintendent** to verify a student's housing status. (See above for more information.)

Definitions of Temporary Housing Arrangements

"With another family or other person" (also referred to as "doubled-up")

LEAs should be aware that students who are sharing the housing of others are eligible for services under the McKinney-Vento Act and State law, if sharing housing is due to loss of housing, economic hardship, or a similar reason.

"Other temporary living situation"

In addition to the four examples of temporary housing, students who lack a "fixed, adequate, and regular" nighttime residence are also covered as homeless under the McKinney-Vento Act and State law. This may include unaccompanied youth who have fled their homes or were forced to leave their homes and who do not otherwise meet the definition of "doubled-up."

"In permanent housing"

Permanent housing means that the student's living arrangements are "fixed, regular, and adequate."

Next Steps for LEAs with Students Living in Temporary Housing Arrangements

If the parent, person in parental relation, or unaccompanied youth indicates that a student is living in temporary housing, the LEA must complete a Designation Form. If the LEA believes additional information is needed before reaching a final decision on the student's eligibility under McKinney-Vento, enrollment should not be delayed and a Designation Form should still be filled out. For more information about determining eligibility see the National Center on Homeless Education's Determining Eligibility Brief, available at: www.serve.org/nche/downloads/briefs/det_elig.pdf

If a student who is identified as homeless was last permanently housed in a different school district, the district of attendance/local district will be eligible for tuition reimbursement from SED for the cost of educating the student. School districts should complete a STAC-202 form if eligible for tuition reimbursement. For more information about STAC-202 forms contact the STAC Office at 518-474-7116 or NYS-TEACHS at 800-388-2014.

Kindergarten Registration Information from the Health Office

Completed medical information forms and the child's birth certificate are necessary to complete the registration process. If not brought to the orientation meeting, then please submit to the Main Office as soon as possible. Some children may not have received all the required immunizations at that time, but please submit what has been received so that the health record can be started.

Listed below are the immunizations required for school attendance of all students in Kindergarten. Students will not be allowed to start school until the immunization record stating the following immunizations have been administered:

- 5 Diphtheria (DTap, DTP) (4 doses allowed if fourth dose is at or after age 4)
- 4 Polio (3 doses allowed if third dose is at or after age 4)
- 2 MMR (Mumps, Measles, Rubella)
- 3 Hepatitis B (adequately spaced- see chart and footnotes)
- 2 Varicella (or physician documentation of student having had chicken pox)

Please see included New York State Immunization Requirements for reference.

A physical exam is required for all students entering kindergarten. Reports of physical exams **must be dated within 1 year** prior to the start of the new school year. Ideally, the child's primary health care provider should perform the exam, as he/she is familiar with the child's medical history. Any students who have not submitted the completed exam report will have the physical done at school by our School Health Care Provider.

A dental exam form is also included in this packet. This form is requested, but not required for school attendance.

A birth certificate (copy) is required for all students entering kindergarten.

In this packet is also the policy for a student who needs to receive medication in school. We **must** have a written order from a physician, written permission from the parent, and the medication delivered to school in a pharmacy labeled container (an adult must bring the medication in to school - it is **not** to be transported by a student).

When your child is absent or will be late, please call the Health Office at 518-283-4600 ext. 18. There is an answering machine, so you may call and leave a message anytime. Our policy is to verify all absences. If we do not hear from you, we will call home or parent's work numbers. This can be very time consuming. Your cooperation is essential in making this safety policy work.

Please send in an extra set of clothing to keep in the health office for spills and accidents.

Note from Health Office Regarding Internal Medication

The following procedures **must be** followed for the administration of internal medication to any student by school personnel.

1. The school must have written permission from the physician in which he/she gives the name of the student, the diagnosis, the name of the medication, when it is to be administered, the prescribed dosage, and any side effects to be watched for.
2. The school must have written permission from the parent to administer the medication as specified by the physician.
3. The medication, in a pharmacy labeled container, should be delivered by the parent directly to the School Nurse or to a responsible adult in the Main Office if the School Nurse is not available.

NO MEDICATION SHOULD BE SENT TO SCHOOL WITH A STUDENT

When this procedure is not followed, the parents will be called to come to school and administer the medication. If this is not possible, the medication will not be given.
