Chocolate vs Vanilla

By Max Moore and Carter Sydor

Today we are talking about a controversial topic: vanilla or chocolate?

First off, vanilla ice cream has more diversity. What we mean is that vanilla can go in pumpkin pie, graham crackers, and best of all brownies! You can also add chocolate chips to vanilla ice cream, and what kind of man would like chocolate chocolate chip.

Now it's time for chocolate ice cream. Carter and I both agree that Chocolate ice cream does taste better but other than that, it doesn't have any other uses. Vanilla ice cream is overall better for making sundaes. So for the ice cream category, vanilla in our opinion is superior to chocolate. But, what about chocolate as itself or vanilla chocolate? Exhibit 2, chocolate bars. Vanilla chocolate bars are very, very delicious... SAID BY ABSOLUTELY NOBODY ON THE FACE OF THIS PLANET BELOW THE AGE 75 YEAH- sorry about that outburst. Anyway, vanilla chocolate tastes pretty bitter and not much sweetness in there. While regular chocolate bars have a great flavor and are sweet, not bitter and not pure sugar. We could talk about the more varieties of the two such as cake or milk but we are not going to because that would be boring so we will end it here and leave it up to you guys.

:All about beloved

Ryan Gosling:

:Background: Ryan Thomas Gosling was born on November 12th of 1980, in Ontario Canada. He had an older sister named Mandi. Ryan moved to Cornwall, Canada with his family where Ryan grew up being homeschooled by his mother. Eventually he started to attend school, the school he went to was called Gladstone Public School and Cornwall Collegiate & Vocational School, where he excelled in Drama and Fine Arts. Once again, Ryan moved, he moved to Burlington, Ontario.

:Career: Ryan didn't start out as an actor, first he started as a singer at talent contests with Mandi (his older sister.) He then attended an open audition in Montreal, Canada to play in the new television series called "Mickey Mouse Clubhouse." While he was on the show he lived with his co-star, Justin Timberlake. Although he had no real actual professional acting training, after the show his acting career started to take off. He appeared in films such as "Young Hercules (1998)", "Breaker High (1997)", "La La Land (2016)", "The Gray Man (2022)", "Barbie (2023)", and many other films.

His 2 kids' names Amanda Lee Gosling, and Esmerelda Amada Gosling. His parents' names are Donna Gosling, and Thomas Ray Gosling. And he has one sister, her name is Mandi Gosling.

Teacher's Pet by Mrs. Ryan

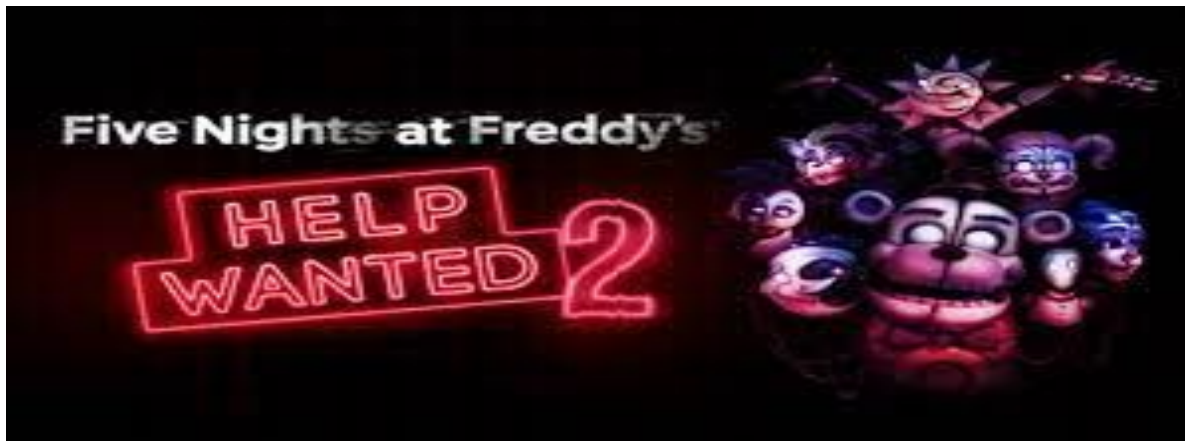

This is Huggins. He is the first of hopefully many spotlighted pets that belong to the teachers of GD. He is my dog. Huggins is a Bichon Frise. They are thought to have originated on the island of Tenerife off the west coast of Africa. They were the dogs of kings in the middle ages.

Huggins thinks he is a king. He is almost 14 and is very set in his ways. he insists on having cheese snacks twice a day. He will bark and fuss until he is carried upstairs so he can go to sleep in my bed around 8:30 every night. He is well known in the neighborhood and loves his mom best (me!)

Five Nights at Freddy's Help Wanted 2 Review

By Bradyn Burke

The Five Nights at Freddy's (FNAF) has been one of the most popular horror video game franchises for years. Their newest addition to the series being Help Wanted 2. Currently Help Wanted 2 is exclusively for virtual reality systems. In this FNAF game you are in a simulation for some of it and eventually you get the ability to take your mask off (in game). After taking your mask off you are in a ruined version of the Pizza Plex. It is the same ruined Pizza Plex from the FNAF Security Breach Ruin dlc. The game gets much scarier once you reach this point in the game. The animatronics in this game are from FNAF Sister Location, Security Breach, and FNAF Pizzeria Simulator. This game also has factors taken from FNAF Help Wanted 1. A warning for any people that decide to get Help Wanted 2 is that it is extremely scary compared to the rest of the FNAF games because of it being in VR. Some cool levels include, fixing the carousel with Eclipse/Moon after you, also there is a level in which you program an endoskeleton. Overall this game has a lot to offer so I am rating Five Nights at Freddy's Help Wanted 2 a 8.5/10.

MINECRAFT MCHIAALS

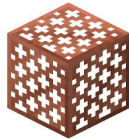

1.21 Update

Hello, Minecraft fans!! My name is Alex Bebenek, and I'm here to give you all the information you need to know about Minecraft! Right now, we are covering the 1.21 update. There aren't many details, but they will be announced soon. It is not out right now, but they released a preview on Bedrock Edition! Anyhoo, let's get right into it!

Blocks

They added a vast amount of blocks to the 1.21 update. Copper and tuff blocks now have new variants. Blocks include,

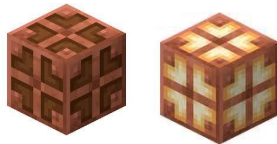

- Copper Grate

- Chiseled Copper

- Copper Bulb

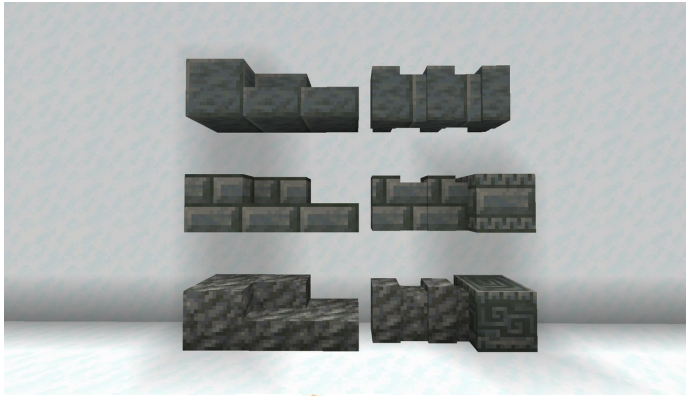

- Copper Trapdoor

- Copper Door

- Tuff Blocks (Chiseled Tuff, Tuff Bricks, Slabs, Stairs, Walls, Smooth Tuff)

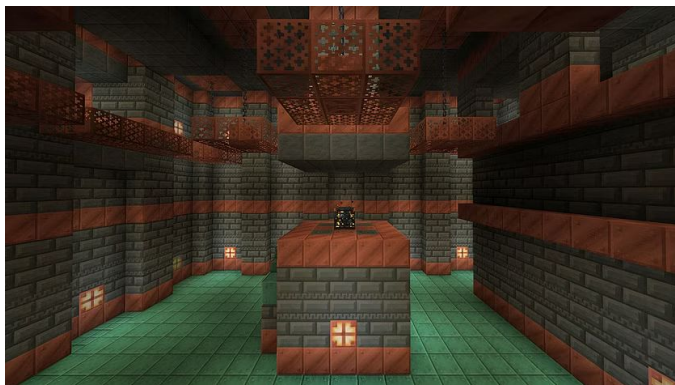

- Trial Spawners

These blocks will inspire a lot of new builds! Get creative with them!

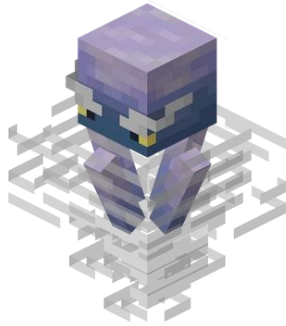

Structures

So, 1.21 also adds a brand-new, HUMONGOUS structure! They are called Trial Chambers, And they are made up of those new copper blocks. They are littered with Trial Spawners, which behave just like regular spawners, but they spawn a set amount of monsters. When you kill them all, a reward spouts from the top. This can be diamonds, emeralds, and even a new item called the Trial Key. It has no use... yet. They even have barrels and chests full of loot!

Mobs

So, 1.21 has added a new mob, called the Breeze. It attacks by using wind.

Other Updates

Now that we've covered the main stuff, I want to get a little bit into the miscellaneous stuff.

- Villager trades have been rebalanced
- Decorated Pots can now contain items

Alright! I have covered everything you need to know about Minecraft's 1.21 Update! This was this month's edition of Minecraft Monthly! Stay tuned for the next article!
